## Materials

•Cascade Yarns Ecological Wool [100% wool; 478yd/437m per 250g skein]; MC: Vanilla #8014; 3[3, 3,4, 4] skeins, CC1: Latte #8063; 1 [1, 1, 1, 1] skein; CC2: Ebony #8095 1[1, 1, 1, 1]; skein
•1 US #10/6.00mm 24" – 32" circular needle
•1 US #6/4.00mm 24" – 32" circular needle
•1 US #4/3.55mm 24" – 32" circular needle
• 1 US #11/8.00mm 24" – 32" circular needle (optional – to maintain gauge over color charts)
*Note: I recommend using circular needles as opposed to straights because the project is quite heavy and circular needles will support this weight more effectively.

## Pattern Notes

The Dude was inspired by the movie, The Big Lebowski. The original, as featured in the movie, is a Pendleton sweater made at Winona Knitting Mills (now closed down) during the sixties and seventies. This version is worked in 1x1 rib. It is designed to be loose fitting with a long body and long sleeves, which can be rolled up if necessary. It is a heavy, warm cardigan and features a zipper closure and short row shawl collar.

This project is worked entirely in 1x1 rib, (except for the collar) including the color pattern charts. The cuffs and hem are worked with smaller needles for a tighter gauge for 12 rows.

I recommend working the color charts in a needle one size larger than for the main part of the project to maintain gauge. The charts are worked in Fair Isle, stranding the yarn not in use behind the work. You may wish to catch the floats because the color sections are quite long, but be aware that floats may show through if caught because of the black and white color contrast.

All of the pieces follow the same color pattern by rows so that the color patterns line up, but the number of stitches varies depending on which piece is being worked. Read the directions on the chart pages before beginning.

## Sleeves (Make 2)

**Note on Sleeves: In the photos the sleeves are rolled up, but they still follow the same color pattern as the front and back pieces. If you prefer shorter sleeves, work fewer rows of MC before switching to CC1 in the color pattern.**

*Read all of the instructions before beginning, including those on the sleeve charts.* ***Shaping must be worked at the same time as working the color pattern.***

CO 37[41, 47, 55, 57] sts in MC with medium-sized needle.

*Read the directions for the color patterns before working color pattern charts.*

You have already worked the first 12[12, 12, 16, 16] rows of the color pattern before switching to the larger needle.

*At the same time, work shaping as foll:*

Starting with first inc on row 5, Inc at each side every 4 rows 6[8, 8, 7, 6] times, then inc each side every 6 rows 13[11, 11, 12, 13] times. 75[79, 85, 93, 95] sts

31[35, 41, 49, 51] sts rem.

Starting on the next RS, BO 5 sts at the beg of the next 4 rows, working all other sts even in 1x1 rib.

11[15, 21, 29, 31] sts rem.

BO all rem sts in 1x1 rib.

## Facings (make 2)

With smallest needle, CO 13[13, 13, 15, 15] sts.

Work 26[26, 26, 27, 27] inches in 1x1 rib as foll:

RS rows: K2, *P1, K1, rep from * to last st, K1.

WS rows: P2, *K1, P1, rep from * to last st, P1.

BO all sts in established 1x1 rib.

## Finishing

*Seaming*:

Sew seams carefully, being sure to line up color patterns as you go.

First sew shoulder seams, then side and sleeve seams. Sew facings to front pieces; facings should be sewn so that the bottom edge lines up with the bottom edge of the front piece and the top edge lines up with the first neck edge dec.

I recommend pinning the facings on carefully to properly line them up before seaming to make sure the color patterns on both front pieces line up with each other.

*Collar:*

With MC, using smallest needle, with RS facing, PU and knit 13[13, 13, 15, 15] sts from top of left side facing, 9[10, 11, 11, 13] sts at front left side of neck, 4[3, 4, 4, 4] sts at back left side of neck, 34[34, 38, 42, 46] sts at the back of neck, 4[3, 4, 4, 4] sts at back right side of neck, 9[10, 11, 11, 13] sts at front right side of neck, and13[13, 13, 15, 15] sts from top of right side facing. 86[86, 94, 102, 110] sts.

Row 1(WS): *P2, K2, rep from * to last 2 sts, P2.

Work short rows to create a round shawl collar as follows:

*Work in 2x2 rib to last 2 sts. With yarn held in front, slip the next st to the right needle. Bring yarn to back and slip st back to left needle. Turn to work back the other direction. Repeat from * once.

Copyright Andrea Rangel

*Work in 2x2 rib to last 4 sts. With yarn held in front, slip the next st to the right needle. Bring yarn to back and slip st back to left needle. Turn to work back the other direction. Repeat from * once.

Continue working short rows by working 2 fewer stitches each right side row until you have worked to the last 28[28, 28, 30, 30] sts and wrapped your stitches on both RS and WS.

After working to the last 28 sts, wrapping and turning on the last WS row, work in 2x2 rib to the end of the row, knitting or purling sts tog with their wraps (in patt), turn and work to the end of the WS in 2x2 rib, knitting or purling sts tog with their wraps (in patt).

BO all sts.

*Zipper*:

Carefully pin the zipper to the WS of the facing, one piece at a time. I recommend basting the zipper to the facing using a contrasting thread before sewing it on.

First whip stitch the zipper to the WS of the facing, then, with RS facing, use back stitch to sew the zipper down a second time. Follow one vertical column of stitches to help you sew straight.

This method of sewing on the zipper will hold it firmly in place and is important since the zipper may get a lot of strain.

Repeat for the other zipper.

*Final Finishing:*

Weave in all ends.

Steam or wet block after all the pieces have been sewn together to smooth out stitches. The collar must be blocked in order for it to fold over neatly as seen in the photos. Blocking also helps the zipper to lay flat.

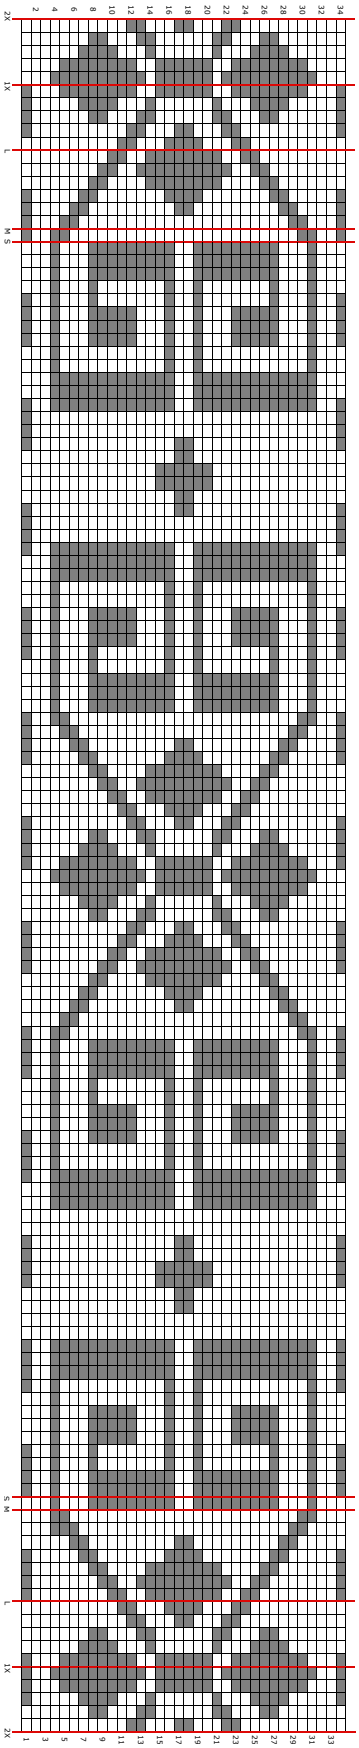

Chart 2a - back

**Charts: I recommend working 2 stitches at each edge of your work in MC, regardless of the chart in order to maintain a firm edge, but that is not shown on the charts. The color patterns do not line up from the front to the back. Chart 1 is always started from the right and repeated until you run out of stitches.**

**Sleeve Charts: IMPORTANT! Please read this before proceeding with the sleeves.**

Chart 1 on the sleeves should be started at the right side of the chart and worked across as many stitches as you have. This number will vary because you will be increasing as you work the chart. Work your increased sts in color patt according to chart 1. Chart 2c should be worked across the center 67 stitches, regardless of how many stitches you have. **The remaining sts are worked in MC.** You may wish to place markers to indicate where to begin and end the chart. No sizing is indicated for the sleeve charts. I recommend working 2 stitches at each edge of your work in MC, regardless of the chart in order to maintain a firm edge, but that is not shown on the charts. The color pattern in chart 1 will not line up when sewn together.
