Two-way Cast-on for Stjärna

Backward loop loosely CO desired number of sts onto circular needle. Turn work.

K all sts. Turn work.

Skip *setup rnd*, k *round 1* of Star A or Star B onto 5 dpns.

Do not turn, join in the round, being careful not to twist. Make sure you have

Star A: 19 sts on each needle
Star B: 20 sts on each needle

Continue following the instructions for Star A or Star B, starting with *round 2*.

Picking up stitches for other side when half the star is knit can be fiddly.

You may find it easier to pick up stitches with the circular needle after shifting to dpns, and leave it there until half the star is knit.

With circular needle, working from right to left and from the top down, pick up purl bumps below sts on dpns. Make sure you pick up as many sts as you have CO.
